Dear LPC Family,

Last Thursday, December 12th, the College Council took two very important votes that will impact the life of Las Positas College in a very positive way for many years to come. The Council formally adopted the Planning, Budget, and Assessment Cycle for Las Positas College and also established the Integrated Planning Committee (IPC). The IPC will play a central role in producing and recommending planning priorities at our college. These two actions provide the campus with the assurance that actions taken will be in concert with the needs of the campus and bring the college closer to compliance with the accreditation standards.

Personally, I would like to thank all the members of the Planning Task Force (2012-2013 and Fall 2013) who gave their time and energy to make this cycle come to life. They participated in intense research and discussion before engaging all corners of the campus to come to a consensus. What has resulted is a refined process that will serve the campus well.

The first meeting of the IPC will be on February 13, 2014 from 2:30 to 4:30 (location TBD). Anyone interested in serving on this committee should contact their constituent group to express their interest.

Attached to this email are items which may be useful to you as we go forward:

1. Planning, Budget, and Assessment Cycle

2. The Charge and Membership of the Integrated Planning Committee
3. An excerpt of the section of the College Council draft minutes

If you have any questions or comments, as always, feel free to email or phone me.

Sincerely,

Barry A. Russell, Ph.D.
