During business hours, the district will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all district facilities is by key, if issued, or by admittance via the Office of Campus Safety & Security. In the case of periods of extended closing, the district will admit only those with prior written approval to all facilities.

The district operates public and non-public spaces. Non-public spaces are not open to the general public and include offices, classrooms, laboratories, intercollegiate exercise areas, child day care areas, and other restricted facilities used for educational or administrative purposes.

Emergencies may necessitate changes or alterations to any posted schedules. Areas that are revealed as problematic will have regular periodic security surveys. The Office of Campus Safety & Security and other concerned areas review these results. These surveys examine security issues such as landscaping, locks, alarms, lighting, and communications. Additionally, during the academic year, the Office of Campus Safety & Security and Maintenance & Operations staff shall meet to discuss campus security and access issues of pressing concern
